All Tempers available
 Mill Finish, OSB, Anodized, Painted, Clean & Degreased Slit Coil & Cut to Length Blanks
 No minimum quantity requirements

NKS Alloys cut to length line was designed to offer customers any customized cut to length blanks to maximize efficiencies and reduce scrap. With the ability to supply a single sheet or truckload quantities NKS Alloys customized packaging allows us to ship any place around the world. It's our number one goal to service and exceed our customer's expectations.

24" Rapid Air CTL

Max. Coil weight Un-coiler	4,000 lbs
Max. Coil width entry	24.000"
Max. Coil OD Un-Coiler	50.000"
Coil ID Range Entry	20"
PVC Applicator	Yes
Max. Gauge thickness	0.060"
Min. Gauge thickness	0.004"

Gauge: .006" - .040"
 Width: .500" - 24.0"
 Length: .375" - 144"

SLITTING CAPABILITIES

Slitter	24" K & S
Max. Coil weight Un-coiler	10,000 lbs
Max. Coil width entry	24.000"
Max. Coil OD Un-Coiler	60.000"
Coil ID Range Entry	16-20"
PVC Applicator	Yes
Max. Gauge thickness	0.032"
Min. Gauge thickness	0.004"

OTHER CAPABILITIES

COATINGS

Polyester, Epoxy, Hybrids
 Anti-fingerprint
 Cosmetic/Functional
 Large/Small Quantity Runs
 Dry Lube

SUBSTRATES	THICKNESS	WIDTH
Stainless Steel	.004" - .060"	2.000" - 60.000"
Aluminum	.014" - .060"	2000" - 60.000"

IN-HOUSE METALLURGICAL LAB

On Staff Metallurgist
 Physical and Chemical Testing

QUALITY CONTROL

ISO 9001, 2015
 AIGI Automotive Quality Initiatives
 100% Traceability

PROCESSING CAPABILITIES

Slitting, Edging, Coatings
 Many Value Added Processes

LOCATIONS

ITASCA, IL
 900 Hollywood Ave.
 Itasca, IL 60143

LA VERGNE, TN
